SIMPLE ○ SMART ®

It's more than a tagline. It's what makes us tick.

Pyramid Time Systems empowers organizations worldwide with easy to use and intuitive time-keeping products seamlessly working together towards the optimization of productivity, efficiency, and profitability.

Our time clocks, software based time clock systems and synchronized clock systems provide savings per employee, guaranteed.

SAVINGS PER EMPLOYEE GUARANTEED
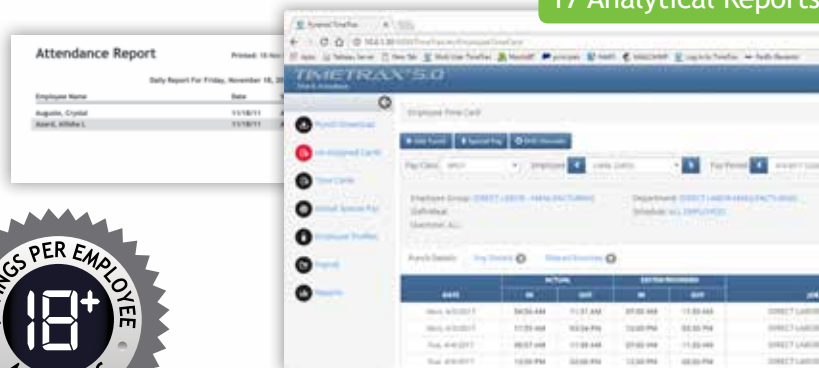

Quick to the punch.

The **TTEZ Proximity Time Clock System** simplifies and automates employee time and attendance. The system uses RFID proximity badges to instantly record employee punches. Manages weekly, bi-weekly, semi-monthly, or monthly pay periods. Includes TimeTrax™ time and attendance software and 15 proximity cards. Edit employee time cards and run reports, including *Time Card*, *Attendance*, *Employee Punch*, *Detail Payroll*, *Employee Detail*, *Hourly Summary* and *Employee Seniority* reports. Automatically calculates employee hours, overtime and holiday hours. Creates export files for most major payroll provider, including *ADP®*, *Fidelity®*, *Heartland®*, *PayChex Preview®*, *Pay-Choice®* and *ProData Evolution®*. Directly syncs with *Quickbooks®*. Simple to setup and easy to expand with employee upgrade packages, additional proximity badges, and/or *PPDLAUBTN EZ Proximity Add-On Time Clock Terminals*.

- ○ Reads Radio Frequency Identification (RFID) proximity badges and key fobs
- ○ Audible beep and card number screen display confirms successful employee punch
- ✿ Eliminates need for paper time sheets or time cards
- ○ Includes TimeTrax™ time and attendance software and 15 proximity badges
- ○ Downloads employee punches to PC software
- ○ Accommodates up to 500 employees with *Employee Upgrades* and additional *Proximity Badges*[1]
- ○ Holds up to 6,000 punches between downloads
- ○ Enables employee time card editing
- ○ Features payroll reports
- ○ Manages weekly, bi-weekly, semi-monthly or monthly pay periods

[1]TTEZPROX (PPDLAUBKN) kit includes terminal, 50-employee software package and 15 proximity badges. Employee software upgrades, key fobs, additional proximity badges and additional terminals sold separately.

500-4	40 Pocket Badge Rack	8.125"W x 22.6"H x .5"D

Perfect Punches Every Time.

The **3600SS Time Clock and Document Stamp** takes the guesswork out of lining up time card punches and time stamps with its patented **SmartSite™** time stamp alignment guide. 3-way viewing window and internal red linear LED light assist with lining up a time card or document for stamping. Keep track of job costs, record employee time and attendance, or stamp the date, time and up to 14 pre-programmed message options on time-sensitive documents such as incoming mail, attendance logs, or legal paperwork. Custom printing with up to 2 lines of custom alphanumeric type, and sequential page numbering up to 9999 consecutive stamps.

- ○ Patented SmartSite™ alignment guide ensures perfectly aligned time card punches and time stamps
- ○ Custom feature allows date stamp (DATE TIME AM/PM) with up to two lines of alphanumeric custom type for company name, address, URL or other custom info
- ○ Sequential page numbering up to 9999 consecutive stamps
- ○ Adjustable document edge side loading accommodates various paper size and printing orientation
- ○ Equipped with 14 useful message selections for stamping time-sensitive documents
- ○ English, Spanish and French menu programming and printing
- ○ No emplyee limit for optimum flexibility

Customize It!
Date stamp and up to 2 lines of custom type.

- Displays time, date and day of week on easy-to-read, backlit LCD screen
- Prints date and time (select AM/PM, military or true military time format)
- Durable dot matrix printing ensures clear, easy to read punches time after time
- Long-lasting, easy replacement ribbon cartridge
- Care free automatic reset for short months, leap year and daylight saving time
- Internal battery backup safeguards data and settings for up to 30 days without power
- Tamper-proof security lock helps protect against costly time theft
- 1-Year manufacturer's limited warranty

Total control of payroll.

- Automatically calculates worked time between punches and accumulates worked hours for weekly, bi-weekly, semi-monthly or monthly pay periods
- Totals actual or rounded time, including 5,10, and 15 minutes rules for "clean calculations"
- Auto-align top loading time card feed saves time and eliminates card jams
- Able to transmit time signal to Analog Clock (#5200, 5217N) or Digital Clock (#41357G, 61357G)
- English, Spanish or French menu programming
- Durable dot matrix printing ensures clear, easy-to-read punches
- Bell scheduling up to 50 events (internal/external bell/horn, max 15 sec per event)

A 5000+HD
Heavy Duty Auto Totaling Time Clock

- Heavy-duty steel construction withstands harsh environments
- Automatically calculates daily and total accumulated hours
- Handles up to 100 employees
- Size: 8.75"W x 7.25"H x 7.5"D

TIMETRAX Sync™
Synchronized Clock Systems

Synchronize & Save.

Optimize productivity, streamline processes, promote efficient operations, and harmonize the workplace with consistently synchronized time throughout any environment. **TimeTrax™ Sync RF Wireless** and **PoE IP Network Clock Systems** are simple to install, easy to expand, and require minimal maintenance. Mix and match analog clocks, digital clocks, bell ringers, accessories and automated time clocks (see pages 3-5) for a fully integrated time system.

○ Perfectly synchronizes clocks throughout entire facility
○ Uses TimeTrax Sync™ Software to manage time source
○ Automatic Daylight Saving Time Adjustment
○ 3-Year manufacturer's limited warranty
○ Ideal for retrofit or new construction

① Choose platform(s).

PoE IP Network
Transmit accurate time to TimeTrax Sync™ Wall Clocks using existing Ethernet infrastructure.

RF Wireless
Transmit accurate time to TimeTrax™ Sync Wall Clocks using TimeTrax Sync™ RF Wireless Transmitters. Each wireless transmitter covers 250,000 sq ft.[1]

Master Clock
Receive consistent time directly from a Master Clock Controller.

[1]Dependent upon facility construction and contents

② Choose clocks & accessories.

Analog Clocks
Accommodate any environment and complement any décor with a variety of clock face formats and bezel options. (page 19 & 20).

Digital Clocks
Obtain detailed time keeping and optimum visibility with a variety of size, format and power (page 21 & 22).

Bell Systems
Improve accountability and productivity by promoting standardized shift changes, arrival, break and dismissal times. (page 25).
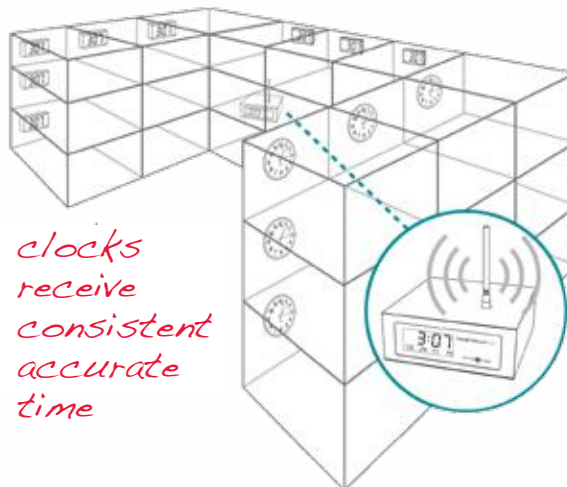

Accessories
Enhance and protect your investment with optional wall and ceiling brackets, protective wire guards or NEMA 4 clocks. (page 24).

③ Save thousands of dollars.

Maintaining accurate synchronized time throughout an entire facility saves thousands of dollars in labor, maintenance and lost productivity costs.

○ Ensures consistent time accuracy between work stations, departments and facilities

○ Keeps operations running efficiently

○ Improves account-ability and productivity

○ Promotes standard-ized shift changes, arrival, break and departure times

clocks receive consistent accurate time

TIMETRAX Sync™

Reliable time synchronized by a reliable source.

TimeTrax Sync™ PoE IP Network Clock System harnesses the cost effectiveness of Power over Ethernet to promote the highest level of productivity, reliability and efficiency. **TimeTrax Sync™ Software** designates a continuous reliable time signal to an unlimited number of analog or digital wall clocks. Ideally suited for hospitals, college campuses and other environments equipped with Ethernet infrastructure.

C   PoE IP Network Analog and Digital Wall Clocks

o Every clock uses a standard Ethernet cable to access time and power from LAN or WAN network
o Powered over the Ethernet (IEEE. 802.3af)
o Automatic adjustment for Daylight Saving Time or power outage

ITEM #	DESCRIPTION
SEA3AALDRB	TimeTrax Sync™ PoE IP Network 13" 12 hour face Analog Clock
APOEPI	Ethernet PoE Port Injector
42227-1	Ethernet Cable, 20'

ITEM #	DESCRIPTION
SED4RLFRS	TimeTrax Sync™ PoE IP Network 4" x 4 digit red LED Digital Clock
APOEPI	Ethernet PoE Port Injector
42227-1	Ethernet Cable, 20'

PoE   Synchronize   Expandable

D   PoE IP Network Software

o Synchronizes PoE IP Network Wall Clocks, Bell Systems and Time Clock System terminals
o Allows universal or individual device time source/zone selections
o Automatic or manual IP Address assignment
o Versatile operating platform including LAN, WAN, Intranet or Internet
o Automatically adjusts for Daylight Saving Time

ITEM #	DESCRIPTION
SASDLCWDXX	TimeTrax Sync™ Software

PoE   Synchronize   Bell Interface

TIMETRAX Sync™

Go Wireless. Stay Synchronized.

TimeTrax Sync™ RF Wireless Clock System promotes productivity, reliability and efficiency throughout an entire facility with precise synchronized timekeeping. **TimeTrax™ Sync RF Wireless Transmitters** use radio frequency-hopping to continuously transmit a reliable time signal to an unlimited number of analog or digital wall clocks. Ideally suited for retrofit, manufacturing plants, distribution centers, small healthcare facilities and corporate office settings.

E RF Wireless Analog & Digital Wall Clocks

○ Receive accurate time signal from a wireless transmitter, eliminating need for wiring
○ Battery operated analog or LCD digital clocks provide ultimate flexibility and eliminate the the cost of electrical installations
○ Automatically adjust for Daylight Saving Time or power outage

ITEM #	DESCRIPTION
S9A3AAGBXB	13" Black Bezel, 12 Hour
S9A3ABGBXB*	13" Sync 900 MHz Black Bezel, 12 Hr w/sec
S9A3ACGBXB	13" Black Bezel, 12/24 Hour

*Batteries sold separately.
 Requires RF Wireless transmitter for operation.

ITEM #	DESCRIPTION
9D44BR	TimeTrax Sync™ RF Wireless 4" x 4-digit red LED Digital Clock (add-on clock)
S9D3L6LBXB	TimeTrax Sync™ RF Wireless LCD, 2.5" Digit, 6-digit, Battery, Black Bezel
9D26BRCT	LED Digital Timer, Red, 2.5" numeral, 6-digit, black, 105-240V AC

Requires RF Wireless transmitter for operation.
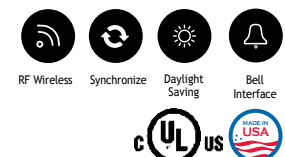

Wireless Synchronize Daylight Saving

F RF Wireless Transmitters

○ Captures main time source from Network Time Protocol (NTP) server or GPS to ensure reliable time signal. No FCC license required.
○ Uses dependable radio frequency-hopping spectrum to continuously broadcast time signal to unlimited number of wall clocks with no interference
○ Supports approximately 250,000 sq. ft. of signal coverage
○ Easily expands with additional transmitters (signal coverage) or with unlimited number of clocks (mix and match analog and digital, see pages 18-22)
○ Size: 6.5"W x 2.5"H x 6.5"D (shelf unit)
         6.5"W x 5.625"H x 1.75"D (wall unit)

shelf unit   wall unit

ITEM #	DESCRIPTION
9T1WI*	TimeTrax Sync™ RF Wireless Transmitter, shelf unit
S9DWXSLAUB*	TimeTrax Sync™ RF Wireless Transmitter, wall mount unit
S9DSXOLAUB	Ethernet RF Wireless Transmitter, shelf unit (add-on transmitter)
42337	Ethernet RF Wireless Transmitter, wall unit (add-on transmitter)

*Includes TimeTrax Sync™ Software.

RF Wireless Synchronize Daylight Saving Bell Interface
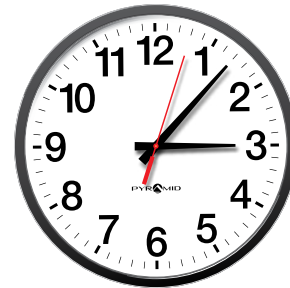

Working together in perfect harmony.

TimeTrax Sync™ Analog Clocks harmonize the workplace with reliable timekeeping formats and style selections to complement any environment. Choose from PoE IP Network, RF Wireless or Wired analog wall clocks.

G TIMETRAX Sync™
Analog Clocks

- Consistently receive dependable time signal update
- Available in wide variety of unique face formats and bezel colors/materials to complement any décor (see analog clock smart guide on pg 19 & 20)
- Low profile, ABS or hardwood frame with non-glare shatterproof polycarbonate lens for easy viewing and durability
- Includes anti-theft wall bracket for secure, safe wall mounting
- Flexible mounting options, including dual clock wall and ceiling brackets for enhanced viewing in long hallways and large open spaces (sold separately)
- Automatically adjust for Daylight Saving Time and resets for power outages eliminating the need for manual time adjustments
- Custom logo and graphic option available to enhance your company corporate ID program (refer to custom clock smart sheet)
- 3-Year manufacturer's limited warranty

SPECIFICATIONS

| Operating Temperature	-30°F (-33.44°C) to 130°F (54.44°C)	
Mounting	Double Face, Wall or Ceiling (ABS 13" Bezel)	
Dial Material	Polystyrene	
Lens Material	Non glare, shatterproof transparent polycarbonate	
Bezel Material	Reinforced Acrylonitrite Butadiene Styrene (ABS)	Hardwood
Bezel Color/Finish	Black or Silver	Cherry, Oak or Walnut
Dial Format	12 Hour, 12 Hour with seconds, 12/24 Hour or Custom	12 Hour or Roman Numeral
Dimensions (Dia x D)	13.25" x 2.5" (13") 17" x 2" (17")	16.5" x 2.25"
Weight	**Battery Operated** 3.05lbs (13") 4.6lbs (17") / **105-120V AC** 3.15lbs (13") 4.7lbs (17")	5.7lbs
Shipping Weight	3.76lbs (13") 5.85lbs (17") / 3.9lbs (13") 5.95lbs (17")	7.5lbs
Warranty	3-Year manufacturer's limited warranty	
Guarantee	30-Day money back guarantee	
Compliance	FCC part 15 section 15,247 FCC id# WC7H9ALGI	
Includes	Security wall bracket and key, User Guide

TIMETRAX Sync™
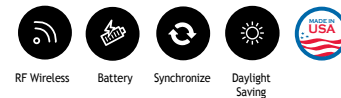

Seamless Synchronization. Anywhere. All the time.

TimeTrax Sync™ LCD Battery Operated RF Wireless Digital Clocks unite reliable wireless timekeeping with flexible wire-free installation anywhere throughout an entire facility.

I   LCD Battery Wireless Digital Clock

- Battery operation provides flexible installation options and eliminates cost of electrical wiring
- Energy-efficient LCD 6 digit (00:00:00) format display
- Searches for dependable time signal directly from TimeTrax Sync™ RF Wireless Transmitters (page 18) to ensure consistently updated time
- Size: 11.25"W X 4.5"H X 1.5"D

ITEM #	DESCRIPTION
S9D3L6LBXB	TimeTrax Sync™ RF Wireless LCD, 2.5" Digit, 6 Digit, Battery ,Black Bezel
42224	3.6 Volt Lithium Battery

Incudes security wall mounting bracket and key. Requires two 3.6 Volt Lithium Batteries (sold separately).

RF Wireless   Battery   Synchronize   Daylight Saving

TIMETRAX Sync™

Measured time. Infinite applications.

TimeTrax Sync™ Count Up/Countdown and Code Blue Digital Timers precisely monitor elapsed and remaining time during critical events, educational testing/instruction, manufacturing processes, lab testing, recreational activities, transportation depot applications, broadcasting and other time-sensitive events.

J   Count Up/Countdown and Code Blue Digital Timers

- Counts up (elapsed time) or countdown (time remaining) precisely by the second up to 23:59:59 hours for time-sensitive events
- Code Blue System ideal for applications in Emergency Rooms, Operating Rooms and Simulation Labs
- 6 digit (00:00:00) format accommodates accurate and detailed time keeping and recording needs
- Buzzer sounds when timer reaches zero
- Flashing digits and negative numbers indicate when timer is counting down past zero
- Bright Red or Blue LED display for optimum visibility
- Capable of receiving synchronization signal from optional TimeTrax Sync™ RF Wireless Transmitter when not in timer mode

ITEM #	DESCRIPTION
9D26BRCT	LED Digital Timer, Red, 2.5" numeral, 6-digit, black, 105-24V AC
CTPLATEBUZ	Digital Timer Controller, Count Up/Countdown
CBPLATEBUZ	Digital Timer Controller, Code Blue

Choose from Up/Coundown or Code Blue Digital Timer Systems.

RF Wireless   Wired   Synchronize Interface

[1]Use with TimeTrax™ Sync RF Wireless Transmitter for optional time synchronization. Incudes security wall mounting bracket and key.
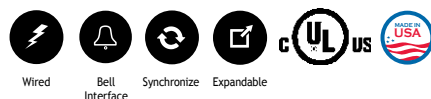

K 7000
Master Controller

- Synchronizes up to 200 TimeTrax Sync™ Wired Analog or Digital Wall Clocks
- Powers up to eight TimeTrax Sync™ analog clocks, up to 35 bells, and/or up to 20 horns
- Automatically adjusts for Daylight Saving Time
- Automatic time correction within two minutes of power restoration

Wired Synchronized Clock System

ITEM #	DESCRIPTION
7000	Master Control
7000BDL110	Master Control Bundle 110-Volt Bell
DIG-4B	4" x 4-Digit Red LED Digital Clock
DIG-6B	4" x 6-Digit Red LED Digital Clock
5200	13" Analog Clock, 12 Hour Face
5217N	17" Analog Clock, 12 Hour Face
41361	6" 24-Volt DC Bell
41392	8" 24-Volt DC Bell
5300	24-Volt Single Zone Bell Ringer

Includes security wall mounting bracket and key.

L Stand-Alone Clocks

Analog Clocks

- 12-Hour format clock face
- BCD or 58th/59th Sync time adjustment
- Simple setup

ITEM #	DESCRIPTION
Q-12210	12" Stand-Alone Clock (12-Hour Face)

Includes security wall mounting bracket and key.

24V DC RJ45

Digital Clocks

- Vibrant LED display for optimum visibility (up to 250')
- 110-Volt, 6' cord
- Simple setup

ITEM #	DESCRIPTION
DIG-4B	4" X 4 digit Digital Stand-Alone Clock
DIG-6B	4" x 6 digit Digital Stand-Alone Clock

Includes security wall mounting bracket and key.

Plug

Enhance or Protect your investment.

We offer a full line of wall clock accessories including wall and ceiling brackets for enhanced viewing, wire guards for damage protection, and NEMA 4 covers to shield clocks from dust, debris and moisture.

(M) Brackets

- Provides enhanced viewing in large open spaces
- Double-sided clock mounting ideal for hallways
- Analog and digital clock options
- Bracket Mounting Plate Size: 5.5"W x 5.5"D

| ITEM #	DESCRIPTION
42320	Double-sided Analog Clock Wall Bracket 11.625"D
42321	Double-sided Digital Clock Wall Bracket (3x4, 2.5x6, 4x4) 9.75"D
42442	Dual Digital Clock Wall Bracket (4x6) 11.25"D
42443	Dual Analog and Digital Clock Ceiling Bracket 3"D

Double Wall Mount

Double Ceiling Mount

(N) Wire Guards

- Protects wall clocks from damage, theft or vandalism
- Welded gauge construction
- Suitable for clocks, bells, lights, signs and other equipment
- Analog and digital clock options

ITEM #	DESCRIPTION
42314	13" Analog Clock Chrome Wire Guard 15.25" Dia. X 4.25"D
42315	17" Analog Clock Chrome Wire Guard 17.24" Dia. X 4.25"D
42316	4x6 Digital Clock Chrome Wire Guard 20"W x 10"H x 3"D
42400	4x4 Digital Clock Chrome Wire Guard 15"W x 9.25"H x 3.125"D
42401	2.5x6 Digital Clock Chrome Wire Guard 15"W x 7"H x 3"D

Analog Wire Guard

Digital Wire Guard

(O) NEMA 4 Covers

- Shields wall clocks from dust, debris and moisture
- High-impact polycarbonate
- NEMA 4 compliant
- Suitable for clocks, lights, signs or other equipment
- Pre-drilled mounting holes

ITEM #	DESCRIPTION
42689	Clear Polycarbonate NEMA 4 Clock Cover 18.25"W x 9.25"H x 2"D
42690	Clear Polycarbonate NEMA 4 Clock Cover 16.5" Dia.

NEMA 4 Digital Cover

NEMA 4 Analog Cover

(P) Replacement Parts

ITEM #	DESCRIPTION
42224	3.6 Volt Lithium Battery
42224-5	3.6 Volt Lithium Battery, 5/pk
42281	Wall Clock Security Mount Replacement Key

Security Mount Key
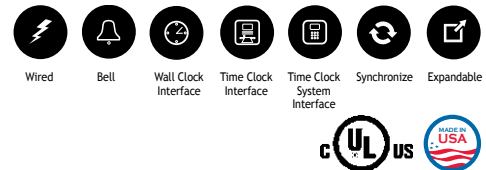

Lithium Battery

R 5300
24-Volt Bell Ringer – Single Zone

- Signals 24-Volt bells and horns for shift changes, class changes or breaks, and dismissal times
- Captures main time source from TimeTrax™ Elite Series Time Clock Systems (see page 5, Items D&E)
- Interfaces with 4000/5000 Series Auto Totaling Time Clocks (see page 9, Items A and B and Elite clocks (see page 8 item B, and page 17 item F Transmitter)
- Accommodates unlimited timed events (maximum 15 seconds) per 24 hour period
- Provides 24-Volt DC Bells, Horns with up to 1 amp and powers up to 8 analog clocks (5200, 5217N) using RJ45 cable
- Single Zone Configuration
- Size: 5.25"W x 4.25"H x 1.25"D   Color: Black
- 120V AC/60Hz power

Bells sold separately

ITEM #	DESCRIPTION
5300	24-Volt Single Zone Bell Ringer
41361	TimeTrax Sync™ 6" 24-Volt DC Bell, 95dB, 20mA
41392	TimeTrax Sync™ 8" 24-Volt DC Bell, 83dB, 20mA
41362	TimeTrax Sync™ 24-Volt Signaling Horn, 101dB, .16A

Wired | Bell | Wall Clock Interface | Time Clock Interface | Time Clock System Interface | Synchronize | Expandable

S Bells & Horns

Bells

- Available in 6" and 8" sizes
- 24-Volt DC (120-Volt AC configurations available)
- High decibel output
- Durable steel casing
- Wall Mountable

Horns

- High decibel vibrating signaling horn
- Designed for heavy duty indoor applications
- Corrosive-resistant gray epoxy finish
- Adjustable volume control
- 24-Volt DC (120-Volt AC configurations available)

ITEM #	DESCRIPTION
41361	TimeTrax Sync™ 6" 24-Volt DC Bell, 95dB, 20mA
41392	TimeTrax Sync™ 8" 24-Volt DC Bell, 83dB, 20mA
41397R	TimeTrax Sync™ 6" 120-Volt AC Bell, 98dB, 46mA
41398G	TimeTrax Sync™ 8" 120-Volt AC Bell, 98dB, 46mA
41362	TimeTrax Sync™ 24-Volt Signaling Horn, 101dB, .16A
41363	TimeTrax Sync™ 120-Volt AC Signaling Horn, 103dB, .13A
41449	Bell Wire, 100'
41450	Bell Wire, 250'
